*We Believe Trust is Earned,  
and to earn that trust  
We deliver what we promise!*

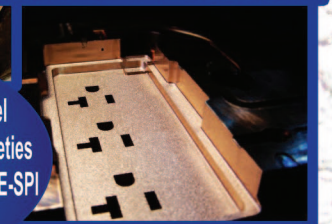

## Mold Texturing

## Texture Repair

## Mold Benching

MST is staffed with in plant personnel capable of benching & polishing all varieties of molds and tools to a wide range of SPE-SPI standards and finishes.

We are a proven World-Class Mold Texturing source With OEM approvals such as Steelcase, Herman Miller, Haworth, Therma Tru, Mitsubishi, Ford, GM, Rubbermaid, And many more

Whether it is Automotive, Office Furniture, Household goods, Appliances, Toys or other Non-Automotive products, MST has the experience and technology for all your Texture needs.

MST can match existing components returning your mold to original gloss levels, or gloss to refurbish your mold. MST can handle almost any size mold with our dedicated 24x24 foot blasting room. With over a dozen standard media on hand, and the knowledge to create custom blends we can achieve virtually any gloss.

## Mold Glossing

## Testimonials

*"We know we can count on MST for fast, reliable and courteous service at a fair price!"*

*Todd M. Finley  
Vice President  
Commercial Tool & Die Group*

*"I have worked with MST for several years, gaining new molds as well as repairing cavity texture on engineering changes. MST sincerely cares about the quality of their work and they get the job done!"*

*John Naylor  
Program Manager  
HS Die & Engineering*

*"Their willingness and ability to develop new grains specifically for our product needs has resulted in design awards and increased sales. We believe this is a direct result of the strong Partnership forged between MST and Steelcase!"*

*James J. Betcher  
Steelcase Tooling Consultant*
